

Class-3 (Grammar) Lesson-5

Questions and Answer:

1. Define tense. How many tenses are there? What are they?

Ans: - Tense is a form of a verb used to show the time of the action or state.

There are three tenses. They are:-

- a) Present tense
- b) Past tense
- c) Future tense

2. When do we use the Simple Present Tense? Give example.

Ans: - We use the Simple Present Tense to talk about –

a) Something in the present moment.

Eg:- It is very hot outside.

b) Things that happen regularly.

Eg:- We go for music class every Tuesday.

c) Statements that are always true.

Eg: - Indians love tea.

3. When do we use the Present Continuous Tense? Give 2 examples.

Ans:- We used the present continuous tense to show that an action is going on in the present moment.

Eg:- a) Neena is reading a book

b) I am going to the park

4. When do we use the Simple Past Tense? Give 2 examples.

Ans:- We used the simple past tense to talk about an action that started in the past and is already over.

Eg:- a) We missed the train yesterday.

b) I gave her my old toys.
